SUMMARY

Operations specialist with **3+ years** of experience managing multi-channel customer service operations for 3 e-commerce brands under the Do Mixi ecosystem (Mixer · Mixishop · Mixifood). Self-taught developer who built internal applications to handle **100K+ orders**, deployed in production and used daily by a 10-person team. Successfully integrated **OpenAI / Gemini APIs** into real-world workflows. Diverse background spanning international hospitality, freelance tour guiding, and event coordination.

3+ years in production	100K+ orders processed	-70% time per order	3 brands managed	34+ events coordinated

WORK EXPERIENCE

Operations & Automation Specialist 2022 — Present · 3+ years

Mixer · Mixishop · Mixifood — Do Mixi Ecosystem (Remote · Flexible hours)

- Built internal systems processing 100,000+ orders** across 4 channels (Facebook, Zalo, Email, Hotline) for 3 e-commerce brands — supporting 10 CS representatives, with peak volumes of 2,000–3,000 orders/month/brand
- Developed custom internal applications** using Google Apps Script / JavaScript: automatically parsing customer info, calculating order totals, performing CRUD operations on orders, and generating payment QR codes → **reduced processing time by 70%**, lowering error rates from ~15% to ~2%
- Integrated OpenAI & Gemini APIs** into daily customer support workflows — automating query classification, reply draft generation, and response template formatting
- Designed banners, size charts, and product images for the Marketing team using AI design tools — applied directly on Shopee & TikTok Shop
- Proactively developed new features → trained and onboarded the entire team · Established inventory management and sales statistics workflows

Customer Service Representative — Group Bookings 07/2025 — Present

Indigo Restaurant La Cham — Sapa

- Served **5–20 tour groups daily** (ranging from 4 to 50 guests per group) — handled multi-channel bookings (Zalo, phone, Facebook) with tour operators
- Managed on-site service operations during peak tourist seasons, coordinating kitchen and service staff for large groups of up to 50 guests

Freelance: Tour Guide · Event Coordinator · Designer 2018 — 2022

Hanoi (concurrent with university studies)

- Tour guide for **~20 student groups (middle/high school)** — largest group exceeding 100+ students, managed all logistics from A to Z
- Provided logistics and coordination support for **34+ events** of various formats (workshops, school trips, public events) · Designed banners and posters for local small businesses

Bartender → Supervisor (Promoted) 2016 — 2017

Backpacker Hotel — Sapa

- Managed front-of-house operations catering to international travelers (Europe, US, Australia) — **promoted from bartender to supervisor** after 6 months

SKILLS

Automation Google Apps Script · JavaScript — 3 years in production
Operations Multi-channel CS · Order processing · Inventory management
Design Photoshop · Canva · AI Design Tools

AI Integration OpenAI API · Gemini API · Prompt Engineering
Web Dev HTML · CSS · JS · React · TypeScript
